WE SUPPORT YOU BY ANSWERING YOUR QUESTIONS & SHOWING YOU NEW APPROACHES & POSSIBILITIES!

First of all, we figure out which questions you need to get answered. This could be, alongside with your housing situation, for example related to

- Securing your livelihood/financial situation
- Social relations
- Health issues
- Education/work

At the beginning of our cooperation we need to figure out and clarify your support needs.

- What do you want to achieve?
- What do you need?

In the next step we put our heads together about how to reach your goal. We clarify

- What you are able to manage by yourself with the possibilities available;
- Where you need support from somebody else;
- Who can assist you to reach your goals.

We have a lot of information available about the structure and the functioning of systems of assistance in Berlin. Upon request, we refer you to appropriate assistance services.

We provide counselling services in German, English, Polish, Romanian and Bulgarian.
